VI. Furnish information relative to pay authorized and paid under authority

[of Section 15 of the Act of August 2, 1946 (5 U.S.C. 55a) as follows:] <sup>Does not</sup> apply

<u>Supplementing Authority</u>	<u>Maximum Rate Authorized</u>	<u>No. Employed FY 1956</u>	<u>Range of Rates Actually Paid</u>
Title III, National Security Act of 1947 as amended	\$50 per day		\$35 to \$50 per day

If additional space needed use separate sheet.

VII. Regarding Question VI, were any experts or consultants paid the full per diem rate for working less than the prescribed eight-hour day? If so, explain below:

Time and attendance reports do not record the number of hours worked each day of service performed by consultants or advisory personnel. There may be occasions now and then when a full eight-hour day was not performed and conversely there may be times when the consultant works more than eight hours per day without additional remuneration.
